LOCAL INTELLIGENCE.

Sun rises to-morrow at 6:52; sun sets 4:06. High water 4:15 a. m. and 4:48 p. m.

WEATHER PROBABILITIES.—For this city a fair and cooler Saturday. The weather will become cloudy during this afternoon and possibly light showers may occur before Saturday, but the precipitation, if any, will be very slight; winds, shifting to westerly.

CITY SCHOOL BOARD.—At the regular meeting last night of the City School Board there were present Messrs. Aitchison, Bryant, Carne, Chapman, Harrison, Mankin, Strauss, Thompson, Vincent and the Superintendent. In the absence of the chairman Mayor Strauss presided.

This being the annual meeting at which the officers of the board are chosen, Col. F. L. Smith was unanimously re-elected chairman and Mr. Hubert Snowden clerk.

On motion of Mr. Carne the resolution offered by him and adopted at the last meeting in reference to the free admission of pupils of the public schools to all schools conducted in the public school building was made one of the by-laws.

Mr. Vincent, from the committee on school houses and furniture, asked for further instructions concerning the abatement of the nuisance caused by the foul odors from the out-buildings at Peabody building, stating that one of the committee held that they were not empowered to spend money.

The Superintendent stated that the arching of one well and the digging of another at that building had not corrected the nuisance as had been expected, and that some further action should be taken in reference to the matter.

After various suggestions, one of which was the use of ground plaster, and another that the well should be cleaned out, the committee was directed to have the nuisance abated. The same committee was authorized to have additional racks placed in Mrs. Baggott's room, in Peabody building.

A number of bills for supplies and repairs were ordered to be paid.

The Superintendent stated that he had visited all the schools once during the past month, and some of them twice, and had found them all getting along nicely. He reported that only 11 white girls and 5 white boys were now awaiting admission to the schools.

Mr. Carne inquired if the fire drills were being kept up and suggested the importance of such drills, and the Superintendent stated that he would look into the matter.

A LAWYER TO ANSWER CHARGES.—Mr. Cuvillier, the young lawyer who was before Judge Kimball, in Washington, last week for "capping," or soliciting clients, has come wrong again, so the legal gentlemen at the Police Court aver, and yesterday another information was filed against him. Benjamin Smith declares that he came to the court in the morning to look after his daughter, Amanda, who had been arrested, and he was there approached by Mr. Cuvillier. Mr. Cuvillier asked him what he was doing at the court, and also if he had a lawyer. When answered in the affirmative he told Mr. Smith the man he described was a drunkard and unfit to defend him. It is this act on which the charge for "capping" is based. Baliff Kendig was sent out to find the young lawyer, but he did not bring him in time for a trial yesterday.

Mr. Cuvillier says that he has engaged able counsel and shall test the matter fully. Some of the lawyers were arguing among themselves yesterday that there was a decision of the Supreme Court which will have an important bearing on this case.

Mr. Cuvillier, who was in the city to-day, says he will appeal the case to the Supreme Court of the United States; he thinks the action of the court yesterday abridges the rights of counsel and infringes on the rights of the people to employ counsel.

PERSONAL.—Mr. I. W. Genzberger, formerly of this city, but now of Butte City, Montana, is on a visit to his parents here.

Dr. Ashby, who is convalescent from an attack of malarial fever, has returned to his home on north Washington street, and his many friends will be glad to know that he expects to be out in a few days.

Mr. Robert Pitts, jr., has returned from the Chicago fair.

Mr. G. K. Pickett, of Fairfax county, who was recently appointed U. S. gauger of liquor for this city and vicinity has entered upon the discharge of his duties, relieving Mr. Joseph P. Lash. Mr. Pickett has just returned from Chicago.

Mr. M. B. Harlow has qualified as City Treasurer and will re-enter upon the discharge of his duties on Tuesday.

Mr. and Mrs. A. W. Armstrong have returned from Chicago where they went to attend the fair.

A DIFFICULTY BETWEEN COLORED MEN.—Two colored men living in the southern portion of the city created some sensation in their neighborhood yesterday evening by the menacing attitude they assumed toward each other. One was armed with a hickory stick and the other with an axe. This morning in the Police Court the man with the stick charged the one with the axe with breaking the panel of a door, while the latter asserted his adversary carried away the door in running through the imaginary fear that he was to be struck by the axe. Mayor Strauss, after listening to a rignarole of evidence from both sides, fined them \$2.50 each.

POLICE COURT.—Mayor Strauss presiding.—The following cases were disposed of this morning:

A man for an assault on another was fined \$5, and the party arrested warned against a breach of the peace, it appearing that previous to the difficulty he had used threatening language.

Two colored men, arrested by Officer Grady for disorderly conduct, were fined \$2.50 each.

Night Report.—Last night was clear and cool. Four lodgers were at the station house.

RAT KILLING.—In a store on King street last night 21 rats were caught in a trap. This morning the rats were liberated in front of the Columbia engine house, where a rat-killing contest took place between the rat-terrier of Mr. Wm. Wood, of the Columbia engine, and the scotch-terrier belonging to Mr. Wm. Bontz, of the Hydraulion engine. A large crowd of spectators witnessed the slaughter of the rats and the honors were about equally divided between the two dogs.

ATHLETIC DAY AT THE HIGH SCHOOL.—To-morrow will be the eighteenth annual athletic day at the Episcopal High School, near this city. This school has always been prominent among the institutions in the South for athletics and to-morrow promises to be one of the best field days ever held there. Many boys are entered for the contests, and several attempts will be made to break old records. A few amusing sports have been added to last year's programme, which will add materially to the entertainment of the day.

A FISTICUFF.—Some excitement was caused on King street yesterday evening by an assault made by a storekeeper upon a person who had made threats against him. They were both arrested and brought before the Mayor this morning. The assailant was fined \$5 and the party assaulted reprimanded and told to refrain from making threats in future.

YACHT BURNED.—The two-masted steam yacht Ella that had been lying at the foot of 6th street, Washington, for some time past, was burned to the water's edge this morning about 4 o'clock and sunk in the dock. The yacht belonged to Mr. Cosgrove, a mail contractor, and formerly ran on the Indian river, Florida.

Congressman Outwaite, who returned to Columbus from Washington this morning, says the new tariff bill, now being prepared by the democratic members of the ways and means committee, will be promulgated Nov. 20. It will be a conservative revision of the McKinley bill, he says.

Directum yesterday defeated Mascot at Fleetwood Park, New York, in three straight heats. The race was for \$5,000 and the best time was 2:07.

MONETARY AND COMMERCIAL.

The passage of the silver repeal bill has not yet stimulated business, but many of the merchants hope that it will. The prices of grain remain about unchanged, and there is little of interest doing in monetary affairs. In New York yesterday money on call was easy, ranging from 1 1/2 to 2, and closing at 2, last loan at 2, and closing offered at 2. Prime mercantile paper 5 1/2 per cent. At the Baltimore Stock Exchange a good aggregate business was done, and the market was firm, with a hardening tendency. In State securities Virginia Century 2-3s were again in fair request, the sales being \$35,500 at 52 1/2 and 53; \$1,000 Virginia new 3s sold at 63 1/4.

New York, Nov. 3.—The opening of the stock market this morning was without any general features, though fluctuations in some stocks were marked. At 11 o'clock the market was weak.
